## **Social Security**

*How would you protect Social Security for today's seniors and strengthen it for future generations?*

### **AARP's Position:**

Social Security should continue to guarantee that Americans who work and pay into the system receive benefits based on what they earn and contribute. Benefits should keep up with inflation and last for as long as an individual lives. We must strengthen Social Security for the future and protect benefits for people who count on them most, including surviving spouses and families, lower-wage workers, and disabled individuals who no longer can work. Social Security must be put on stable financial ground, but any adjustments should be implemented gradually so changes do not impact those in or near retirement.

### **David A. Scott (Dem):**

The[...]economy has been particularly hard on older Americans [...] conversations regarding the state of Medicare and Social Security is ongoing in Congress. Issues such as the debt limit and sequestration are currently being used to force changes in the Medicare and Social Security program[...] I strongly support defending the Social Security Trust Fund and strengthening Medicare for America's seniors[. ..]I will continue to put forth a dedicated effort to protect our indispensable social initiatives. ## **Medicare**

*How would you put Medicare on stronger financial ground and protect today's seniors and future retirees from rising health costs?*

### **AARP's Position:**

Medicare should be strengthened and improved so both current and future generations can count on having access to high-quality, affordable coverage. Medicare should continue to guarantee a specific set of benefits that are affordable and meet a person's health care needs. Medicare should offer choices that ensure access to high-quality health care. Medicare should improve the quality, safety, and efficiency of care by emphasizing value and cracking down on fraud, waste, and abuse.

### **David A. Scott (Dem):**

Everyone agrees that our long-term deficits need to be reduced". "But, I am outright opposed to the Republican plan to turn Medicare into a limited voucher and turn Medicaid into a limited block grant, while giving big tax breaks for millionaires. If we can afford \$1 trillion in new tax benefits for millionaires, then surely we can find a way to keep Medicare solvent." (Source: Rep. Scott's Congressional Website, <http://ow.ly/xxJFc>)

## **Financial Security**

*How would you help Americans save so they can secure their future and live independently as they age?*

### **AARP's Position:**

More opportunities and incentives should be available for all Americans to plan and save so they can have a more secure future. Freedom from age discrimination is a fundamental right and critical to Americans' ability to have a secure retirement. Every worker should be treated fairly, regardless of age. We need to support family caregivers who make it possible for more seniors to live in their homes and communities, where they want, rather than taxpayers and struggling families paying for costlier care.

### **David A. Scott (Dem):**

Congressman David Scott spearheads a wide range of local initiatives that benefit his constituents. He sponsors annual jobs fairs that have secured over 7,000 jobs for his constituents. Congressman Scott also hosted major home foreclosure prevention and mortgage assistance events, helping over 4,000 constituents find help keeping their homes. (Source: Rep. Scott's Congressional Website, <http://ow.ly/yVeDp>)
